

Become a RSVP Partner

For nonprofits, schools, libraries, hospitals, arts and culture organizations, and community centers in Fayette County: are you interested in cultivating volunteers to support your activities, assist with special projects, and interact with the people you serve?

By teaming up with our RSVP Volunteer Program, we can help to find volunteers *for you*; volunteers who have:

- skills and past experiences that specifically relate to your programs and services
- personal interest in your mission and goals
- time availability that fits your needs

RSVP can connect you with volunteers to **fill year-long positions**, like a museum docent or ESL tutor, or assist with **one-time projects** like mailings and events.

Older adult volunteers are invaluable resources. Their knowledge, wisdom and enthusiasm can **empower your organization** to reach your mission and goals in ways never achieved before.

Your Commitment

When you commit to becoming a RSVP Partner, you commit to providing an excellent volunteer experience to each and every volunteer you receive. As much as RSVP volunteers desire to serve you, you have an equal opportunity to create a new community and sense of purpose for *them*. This includes:

- Providing a safe environment for volunteers at all times
- Accommodating volunteers' special needs and handicaps if needed
- Engaging volunteers in your organization's "culture" and social atmosphere
- **Reporting to RSVP the number of hours volunteers serve at your organization each month**
- Participating in RSVP recruitment events (your best opportunity to meet volunteers) and in RSVP volunteer appreciation events
