VOLUNTEER WANT ADS

NUTRITION EDUCATION PROGRAM

The Nutrition Education Program (NEP) offers a link to healthy eating within Fayette County food pantries, housing developments, senior living sites, and farmer's markets.

MEALS ON WHEELS

By delivering meals, you bring nutritious food and a friendly visit to seniors and people with disabilities in your community. Through the RSVP Program, we can reimburse mileage to any senior that is 55 years and older that delivers meals.

EAST END UNITED COMMUNITY CENTER

EEUCC is searching for volunteers to work in after school programs, their daycare, and also an office person to work the front desk and answer phones.
